Professional Summary

Healthcare professional (BAMS) with clinical experience across tertiary-care and community settings. Raised in rural Jammu & Kashmir, I bring firsthand understanding of local socio-cultural dynamics, public health challenges, and community behavior. My training in Ayurveda and modern clinical practice has equipped me with a holistic perspective on health systems, emphasizing the interconnections between individual well-being, social determinants, and service delivery.

CLINICAL EXPERIENCE

- **Medical Officer**, American Oncology Institute, Jammu. Oct 2023 – Apr 2025
- **Medical Officer**, JK Medicity, Jammu. Oct 2020 – Jun 2022
 - Managed inpatient and outpatient services in high-volume healthcare settings.
 - Coordinated multidisciplinary teams to ensure efficient patient care and workflow management.
 - Independently conducted community awareness & health education initiatives in Banihal, addressing breast cancer awareness, menstrual hygiene, nutritional deficiencies, lifestyle diseases, and preventive healthcare, particularly among women, adolescents, and school-going children.

VOLUNTEER DOCTOR

- **Volunteer Doctor**, Primary Health Centre (PHC), Mangit, J&K. Apr 2019 – Jul 2019
 - Supported healthcare delivery in an underserved rural public health facility.
 - Assisted in addressing barriers to healthcare access and patient compliance.
 - Gained exposure to rural healthcare systems, resource constraints & community health challenges.
- **Rotatory Intern**, Government District Hospital, Gandhi Nagar, Jammu. 2018 – 2019
 - Worked across outpatient, inpatient, and emergency departments in public healthcare institutions.
 - Acquired experience of healthcare administration, patient management & preventive interventions.
 - Gained exposure to modern & traditional healthcare systems & role in community health outcomes.

Education

- **Jammu Institute of Ayurveda and Research, Nardani, Jammu** 2019
- **Bachelor of Ayurvedic Medicine & Surgery (BAMS)**
